Advanced Word Processing

This module sets out advanced skills that can be used to produce complex documents, enhance outputs, and improve productivity, when using a word processing application.

Module Goals

Successful candidates will be able to:

- ▶ Apply advanced text, paragraph, column and table formatting. Maintain a consistent design through the use of character and paragraph styles
- ▶ Work with referencing features like footnotes, endnotes and captions. Manage citations and bibliography using a chosen citation style. Create tables of contents, indexes and cross-references
- ▶ Enhance productivity by using fields, forms and templates
- ▶ Apply advanced mail merge techniques and work with automation features like macros
- ▶ Use linking and embedding features to integrate data
- ▶ Collaborate on and review documents locally or online. Apply document security features
- ▶ Work with watermarks, sections, and headers and footers in a document. Use a thesaurus and manage spell check settings
